Yearly Total of Perchloroethylene used:				
Pounds of clothes cleaned this year:				

**Definitions:**

Total Added. The total amount of perchloroethylene added to the dry cleaning system for the month.

Total Purchased. The total amount of perchloroethylene purchased for the month.

Running Total. The total amount of perchloroethylene purchased for the previous twelve months. Calculate the running total by adding the "total purchased" for the current month and the "total purchased" for each of the previous 11 months. During the first year of recordkeeping, the previous 11 months may not be available. In this case, enter ?.

Delivery Dates. Enter the date(s) that perchloroethylene was delivered to the facility during the month.
